### 1. Welcome and introductions

### 2. Discuss how to use \$6,072 in MTC grant funding

This money must be spent by November 30, 2009. Ideas so far include educational materials for schools, a Big Belly solar trash compactor, solar powered coolers for sport teams, small solar PV system for HHS research.

### 3. Discuss ways to pursue ETF recommendations:

- *1 Have a City Energy Manager*
- *2 Utilize the MTC Clean Energy Choice program*
- *3 Encourage Haverhill citizens to purchase clean electricity*
- *4 Issue an energy savings performance contract RFQ*
- *5 Pursue a power purchase agreement*
- *6 Consider the use of bio-diesel fuel for city vehicles*
- *7 Incorporate renewable energy requirements in building standards for new development*
- *8 Take the EPA Community Energy Challenge*
- *9 Consider evaluating alternative electric supply contracts to reduce expenses*
- *10 Continue to upgrade pumps and controls*

### 4. *New ideas*
